

Solving the Ohio legislative redistricting impasse: 2023 edition

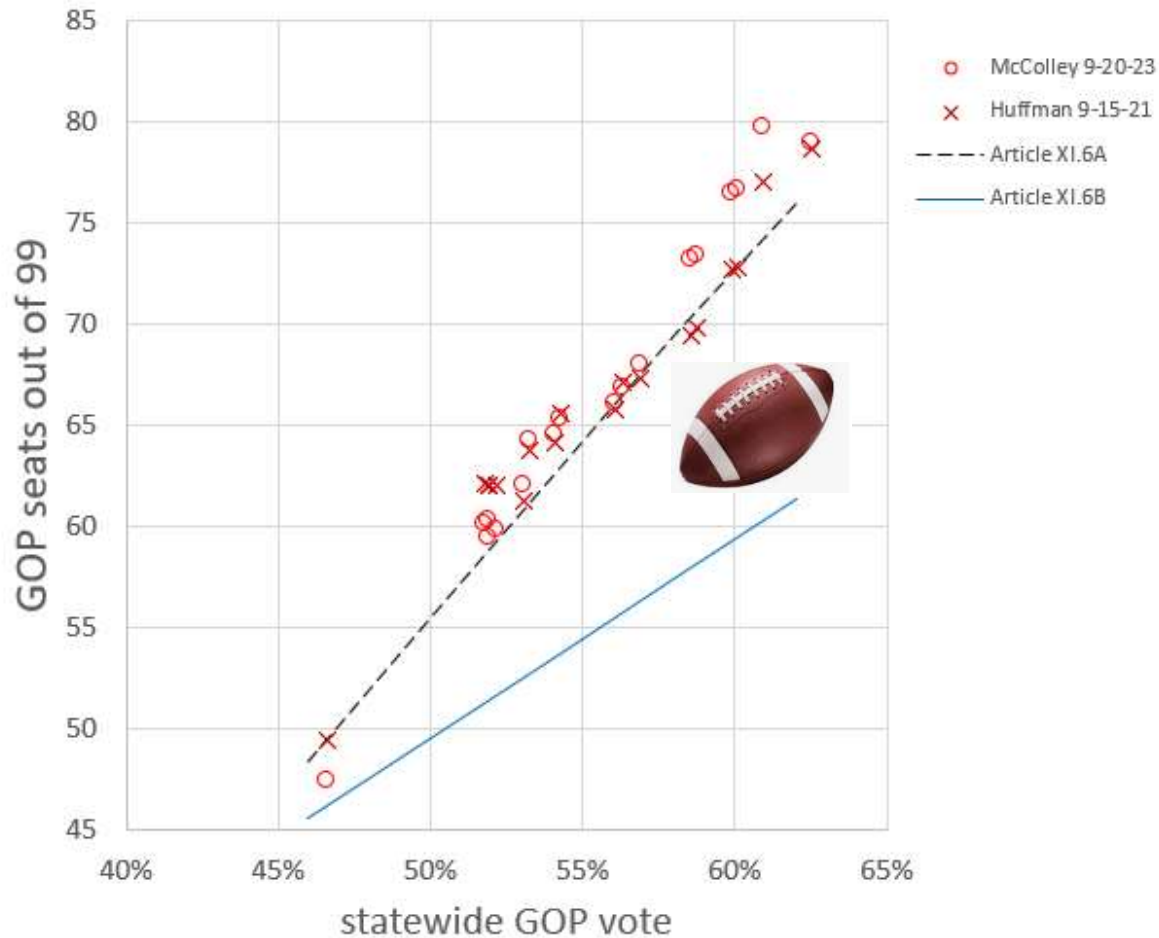

Submitted by Geoff Wise on behalf of the [FLFC](#)

@GeoffWise3

Article XI.6A + XI.6B standards

legislative seats based on 2016-2022 statewide elections

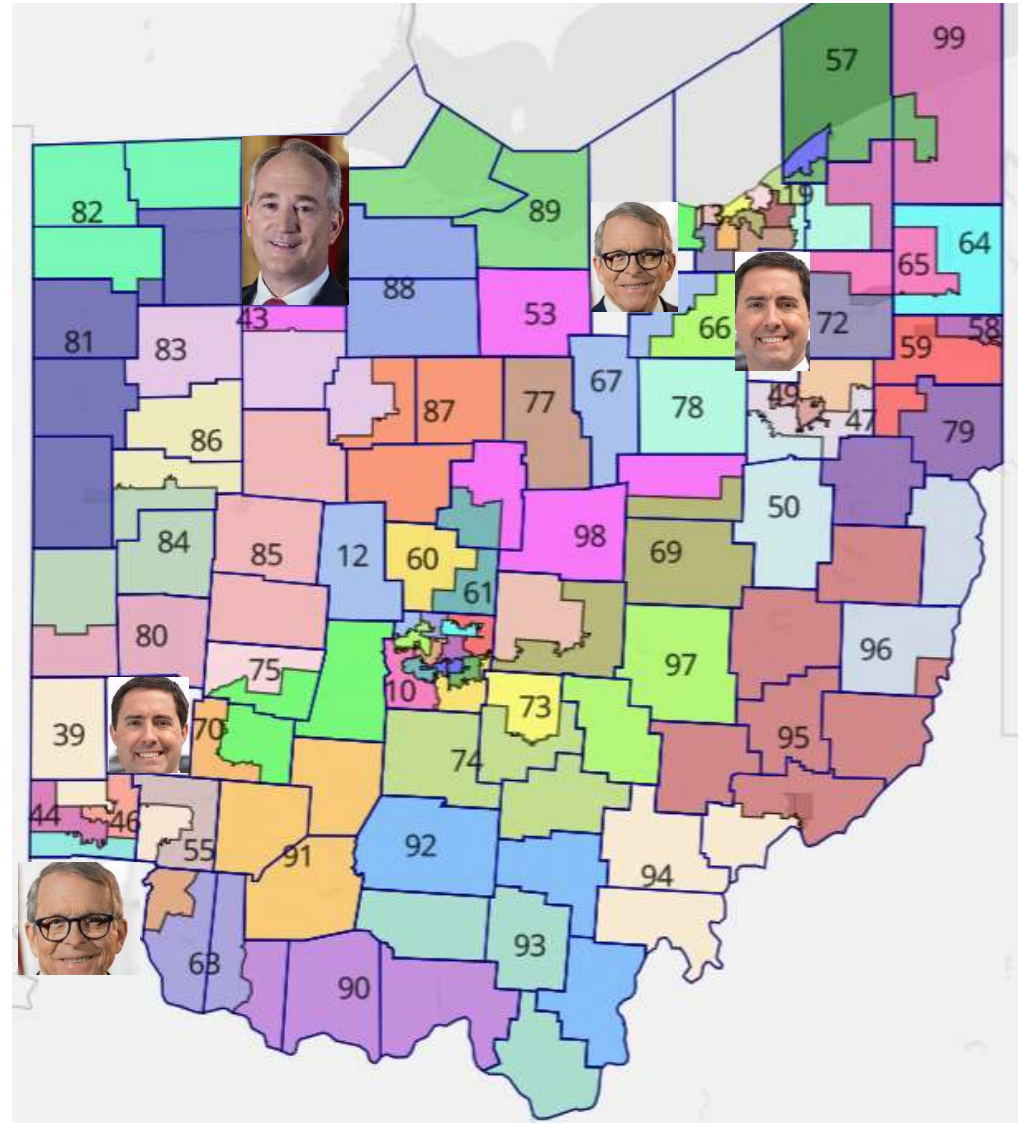

Submitted to ORC website 9/21/23 and legal counsel 9/11/23:
A constitutional Ohio redistricting starter kit !!

- Neutral (partisan-blind) map seat expectations
 - Analysis summary document
 - Raw code and data files behind the analysis
 - Code for analyzing alternate map proposals
- A “starter” legislative map proposal
 - Modified from Huffman 9/9/21 map
 - 6 counties left unpartitioned; to be completed after statewide ORC members articulate a defensible partisan fairness standard
- Example neutral map with these counties filled in

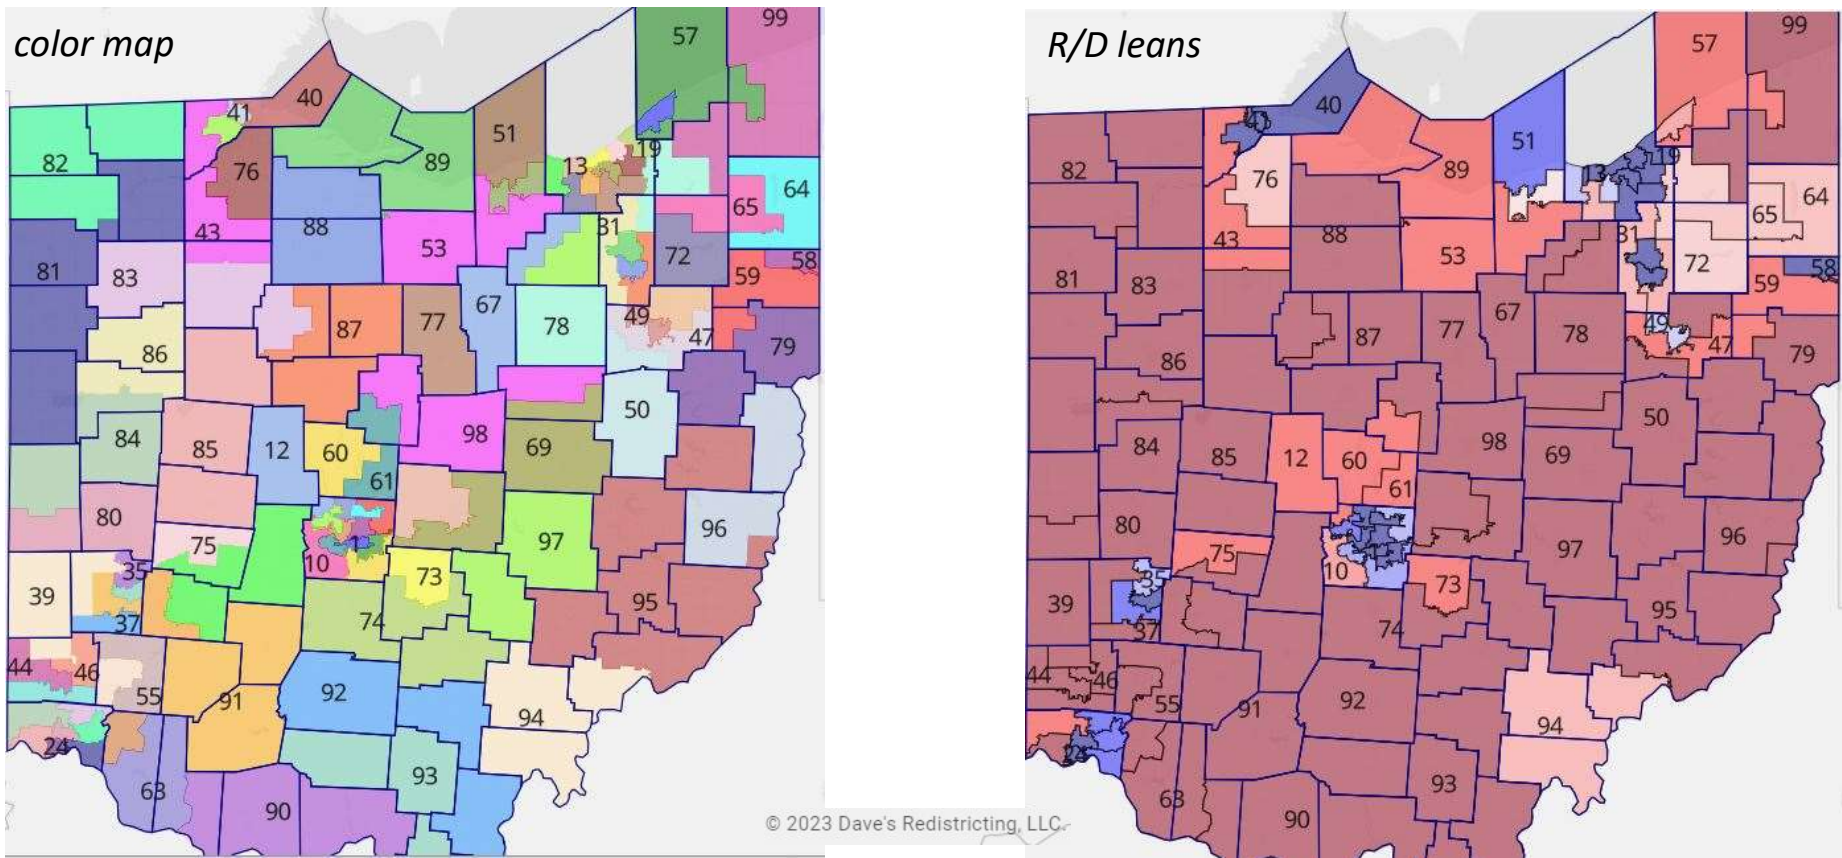

FLFC “starter” map recipe:

- Start from Huffman 9/9/21
- Make Cuyahoga more compact
- Blank out Hamilton, Lorain, Lucas+Wood, Montgomery, and Summit
- Awaiting ORC input:
Define partisan fairness standard
 - Redistrict H, L, L+W, M & S counties to match articulated standard
 - If needed, could also modify Franklin and Cuyahoga plans

An example compact neutral** map

- Delivers about 65 GOP seats at an R/D vote of 55 / 45 **

**** Strach formulation requires reduction in GOP seats from this partisan-blind threshold**
